## Monogram

In support of the primary logo and icon, we have developed a unique 24C monogram.

Used selectively, always in conjunction with, and in close proximity to the primary branding, these marks offer subtle and unique moments for viewers to engage with the 24C name in a fresh way.

These marks are not designed to carry the weight of brand identification. They are able to be adjusted, and even rotated in and out with seasons.

## Tagline Lockups

The tagline sums up the 24C values very sweetly and succinctly.

We've predefined a few typographic arrangements to be used consistently.
